11 <div id="sloth">
12 <p>solowohashi, born elijah solow-ohashi, is a student at the university
13 of california, santa cruz. as a child, he liked breastfeeding and drawing. at
14 thirteen, he became a man under jewish law. around the same time, he
15 became skeptical of organized religion. in grade school, elijah met lilet, a famous
16 thinker from the nascent period of the digitization era. other figures, including taj lalwani, miles wilson, and levon
17 momdjian have had a great influence on elijah's life and work.

Pacs' website

Pacs' Lab 3

## Elijah's styled website

### Summary of efforts:

We decided to work on this lab before Wes' revision in lecture so we ended up finishing the unnecessary CyberDuck portion of the original lab document. Pacs had one issue in which he couldn't get images to load on his GitHub page. Other than that, this lab went rather well. The file structure from Wes' GitHub made the file structure portion easy.
